Hi Dave,

I just reviewed three of your Notices, and Division letters with the comments needing to be addressed are attached. Let me know if you have questions about how to respond.

One of the comments we discussed for the Sliver 3&4 site was our rule requiring a Location Map. See the attached PDF map that you could use as a Location Map. If you want us to use the map, please re-submit a copy of it with the route to the site clearly drawn onto the map, from the highway to the mine site, with any other replacement pages from your Notice.

Let me know if you want a similar Location Map to complete the Notices for your other sites (Pretty in Pink, etc). I'll review the Little Spot Notice in the next week or so.

Peter
